

# ORIENTATION PICTOGRAMS

The shape and the colour of the orientation pictogram **installed on the front of the equipment** show the user whether the walkway on the left is available or not.

## A/C/D walkways:

The (green) arrow displayed on the front of the equipment informs the user that the walkway is accessible.

## B walkway:

The (red) cross displayed on the front of the equipment informs the user that the walkway is not accessible.

**IT IS POSSIBLE TO INTEGRATE AN ORIENTATION PICTOGRAM ONLY WITH THE FOLLOWING PRODUCTS:  
PNG – PMD – SM – CAL – TR – TRS**

# FUNCTION PICTOGRAMS

The function pictogram *installed on the upper part of the equipment* can display 3 different graphic symbols (see below) that show the user what to do.

**Figure A:**

The user can present a (magnetic or proximity) card or transport ticket to the reading system.

**Figure B:**

The user is authorised to enter the walkway (green arrow).

**Figure C:**

The user is not authorised to enter the walkway (red cross).

**IT IS POSSIBLE TO INTEGRATE A FUNCTION PICTOGRAM ONLY WITH THE FOLLOWING PRODUCTS:  
PNG – PMD – CAL**
